

ARECA**Summer concentrated screen wash**

Concentrated screen wash fluid to be diluted for all vehicles. Its formulation has been specially designed for cleaning windshields.

Concentrated product to be diluted. Pour the entire 75mL dose and complete with water to 5L to get a ready-to-use screen wash fluid.

For optimum effectiveness, it is advisable to dilute the product with demineralized or softened water.

Properties

- ✓ Trace-free cleaning and degreasing
- ✓ Concentrate to dilute
- ✓ Pleasantly perfumed
